Where Roses Grow Big and Beautiful

SUSPENSE! . . . The Splendid NEW Rose On Our Cover

★**SUSPENSE.** H.T. (Meilland.) Plant Pat. 1944. Want a garden thrill you've never experienced before? Want a rose so magnificent, so beautiful that it holds you spellbound as you see its great blooms unfold their rich red and yellow glory? Then—be sure to own Suspense! This is your first opportunity to enjoy a new rose which we feel certain will be one of the very great roses of the 1960's . . . which we know already to be a worthy member of the select group that bears the proud Star Rose name. Suspense is truly terrific! Let's take a close look at it. It's a big rose—a bi-color with petals of rich red plush whose undersides seem to be covered artfully with chamois-skin. The combination is most unusual. Imagine the effect as the huge yellow bud opens to exhibit the high quality of the 55 to 60 unfolding red, velvety petals. Each flower seems to glow with luminescent beauty. First you have yellow—then yellow and red are seen together in the half-open stage—then another magical change to wonderful, strong red beauty in the fully open bloom. And it's a big bloom! As much as 6 inches across! A bloom gorgeous and magnificent enough to make you think of Rose Shows and winning prizes. The plant, like the flowers, is something special . . . tall growing, strong, good looking. Its thick canes hold the proud flowers high; its branches hold a wealth of good, dark green foliage; and overall there is given to you the general impression of beauty and quality. Suspense is without question a winner . . . of prizes—of admiration—of hearts, too. We're happy to offer it to America's gardeners. **$3 ea.; 3 or more, $2.65 ea.**

NEW! Golden Girl

THE BEST YELLOW GRANDIFLORA ROSE AVAILABLE ANYWHERE TODAY!

★**GOLDEN GIRL.** Grandiflora. (Meilland.) Plant Pat. 1912. Introduced only a year ago, this outstanding rose has won a remarkable hold on the affections of those who really know fine roses, and of those who just like roses. In both instances, the reasons are as clear as the beautiful color of Golden Girl itself! Quality of plant and flower . . . beauty of bush, bud and bloom! The color is solid and clear straight through. The flowers are big, 45-petaled, 4½-inch beauties, and you get them in generous style all season. The bush is wonderfully free blooming, wonderfully husky and well set up—well branched, bushy, upright, vigorous. You can see for yourself, and admire, the fine form of the bud and the flower. You can readily imagine the pleasure you'll have cutting these Golden Girl blossoms—and sniffing their entrancing perfume. In the case of Golden Girl, Shakespeare was wrong . . . All IS Gold That Glistens! But you'll be right when you plant this golden beauty because it's truly solid value. Millions of gardeners have wanted a rose like this. Well, here it is! Ready, willing and able to live up to what it promises you. **$3 ea.; 3 or more, $2.65 ea.**

★GOLDEN GIRL

VASSAR CENTENNIAL

★**VASSAR CENTENNIAL.** H.T. (Meilland.) Plant Pat. App. For. This new rose, which is not pictured, was named to commemorate the 100th anniversary of famed Vassar College. It was selected from a number of roses being tested here by a committee representing the College. A few plants are available this fall. Our spring '61 catalog will feature the rose in full color. Vassar Centennial is a large, pastel peach rose with many overtones ranging from rich apricot in the bud to delicate flushes of pink in the open flower. 5 to 6-inch flower. Pointed bud. Profuse-blooming plant with one blossom to the long stem. Fragrant. Superb bush. Worthy of its name. A fine exhibition-type rose with great beauty and appeal. **$3 ea.; 3 or more, $2.65 ea.**

Fascinating

NEW and TRULY WONDERFUL!

★**FASCINATING.** H.T. (Fisher.) Plant Pat. 1945. This rose by any other name—would be less well named, for it IS fascinating! As you look at its suffused and blended crimson and empire yellow, you cannot help being enthralled, and you wonder at that quality in Nature which allows such miracles to be performed. In the spring and fall when nights are cool, these colors are exceptionally sharp and striking; but at all times there is a surprisingly steady beauty in this combination. The bud is long pointed and opens in the airiest kind of gracefulness to a shapely, high-centered flower which is nearly 5 inches across and has more than 25 substantial petals. These are thick and leathery, and at the same time satin-soft and silk-shiny . . . substance combined with fineness. The plant is free blooming, producing one flower to the stem usually, but often with two, three or four. It grows upright in bushy style and has large, glossy leaves. Fascinating is not a tall-growing rose; and is, therefore, fine for the front row, especially with that wonderful color. To put icing on the cake—this multi-color beauty is also fragrant! Fascinating takes a little more care to bring it to its finest—but it's worth every bit of it! **$3 ea.; 3 or more, $2.65 ea.**

FIRE KING

All-America for 1960

★**FIRE KING.** Floribunda. (Meilland.) Plant Pat. 1758. Beautiful form and gorgeous color distinguish this outstanding rose. Its fiery vermilion beauty is exhibited in well-shaped, very double blooms that come in clusters and load the bush. Each flower has from 45 to 50 petals and reaches a good 3 inches across. Long-lasting blooms on the plant and in the vase. Tall, attractive plant grows upright and has rich foliage. Makes a fine specimen bush or medium-height hedge. **$2.50 ea.; 3 or more, $2.20 ea.**

PINK PEACE The rose that wins friends and influences people

★**PINK PEACE.** H.T. (Meilland.) Plant Pat. 1759. An enormously vigorous plant—giant flowers in rich, non-fading pink—delicious fragrance—all these qualities and more make Pink Peace the rose sensation that it is. It has won awards in competitions at Rome, Geneva, Madrid, Lyons and Paris . . . and in America it has won hearts by the thousands! The exceptionally strong-growing plant produces huge, 60 to 65-petaled flowers continuously, and each of them comes alone on the stem to make good cutting for you. The plant is tall and upright, is clothed beautifully with attractive, deep green foliage, and is very rugged. The rich pink of the great bud and flower, please note, does not fade regardless of weather, but keeps its beauty intact for you to enjoy. The Pink Peace fragrance is surprising, too—strong, intense and pleasing. This is a very worthwhile rose. **$3 ea.; 3 or more, $2.65 ea.**

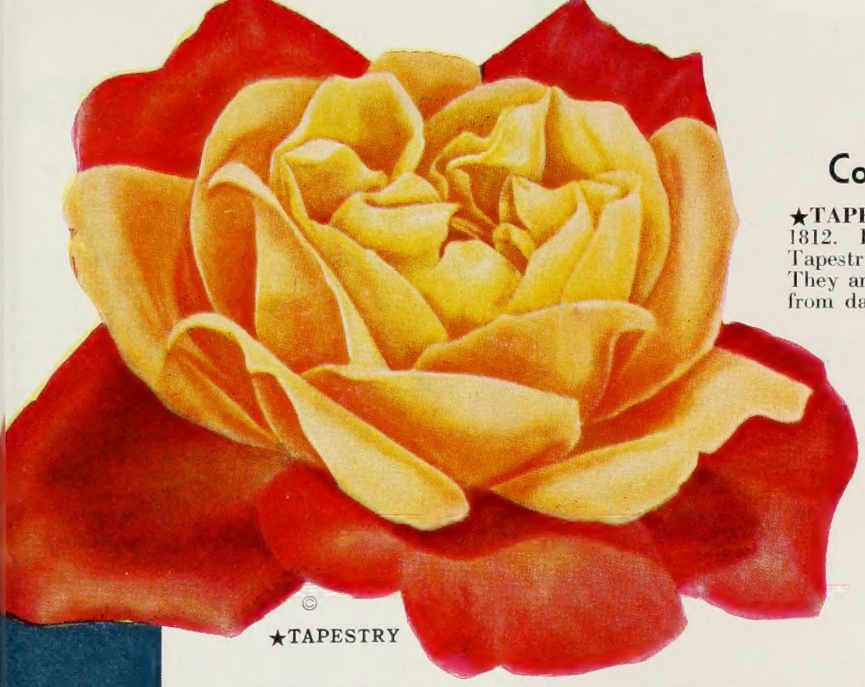
★WHITE KNIGHT

WHITE KNIGHT
Perfection in Purity

★**WHITE KNIGHT** (Message). H.T. (Meilland.) Plant Pat. 1359. *Here is the only white Hybrid Tea rose ever to have won the All-America title!* Here's why . . . exquisite form in bud and bloom—pure, non-fading color—ability to last very long whether on the plant or in the vase—vigorous, continuous-blooming plant—hardiness and disease resistance! Virtues? White Knight has them all in greater measure than any other white rose! The splendid flowers come on long stems, too, which makes them inviting to cut. Nothing finer than a white rose to accent your other rose colors—nothing finer than White Knight! **$3 ea.; 3 or more, $2.65 ea.**



★TAPESTRY

Tapestry

Colorful, Gay, Eyecatching!

★TAPESTRY. H.T. (Fisher.) Plant Pat. 1812. Flame, yellow and copper tones make Tapestry one of the most colorful roses ever! They are so mixed and mingled and so varying from day to day that no two blooms are ever alike. All, however, are very gay, very beautiful, very exciting! Large, 35 to 40-petaled flowers come bountifully on a vigorous, low-growing bush. Tapestry is nicely fragrant, too—an asset which is always easy to take. The picture only hints at Tapestry's real beauty and appeal. **$2.75 ea.; 3 or more, $2.40 ea.**

DUET Double-Duty Beauty

★DUET. H.T. (Swim.) Plant Pat. 1903. Beautiful color on the inside—beautiful, too, on the outside . . . a new bi-color rose featuring soft salmon-pink with rich, bright crimson on the reverse of the petals. Duet keeps the lovely tones in all weather and through the life of the flower. Well-formed buds open to 30-petaled, middle size blooms which come in great abundance on the vigorous, free-branching plant. Foliage is large, plentiful, attractive. With long stems, Duet is an ideal rose for cutting, and you'll want to take many of the lovely blooms into the house. **$3.50 ea.; 3 or more, $3.10 ea.**

HARD TO BEAT

ROYAL VELVET

Richer than Croesus!

★ROYAL VELVET. H.T. (Meilland.) Plant Pat. 1911. Like a mammoth ruby of immense value, this rose is richness personified! Picture row on row of thick, red velvet petals—as many as 65 to the bloom—and you get an inkling of the magnificent massiveness of Royal Velvet. Its rich red neither fades nor "blues," remaining true throughout. Royal Velvet is tall growing and has strong canes and good foliage. It's a vigorous plant and produces the enormous flowers freely. Most people will not mind Royal Velvet's inclination to nod its head at times, especially when rain-heavy. After all, it's so big and solid! Worth its weight in rubies! **$2.50 ea.; 3 or more, $2.20 ea.**

PERFECTA

More amazing than the seashell!

★PERFECTA. H.T. (Kordes.) Plant Pat. 1604. The lovely suffusion and blending of cream and rose-red as seen in Perfecta is delightful! And it must be seen in the garden to be appreciated to its utmost. The blooms are big, the full flowers are high centered, the long stems are right for cutting. Coming, as they do, on a very good-looking bush that is superbly vigorous and covered with rich, heavy foliage, such flowers are a dream to look at . . . irresistibly charming. Now add a delicate and pleasing kind of fragrance and you have, in Perfecta, a rose of exceptional quality. It is not difficult to understand Perfecta's popularity last year in this country, and before that in Europe. Why not enjoy its beauty in your garden? **$3.50 ea.; 3 or more, $3.10 ea.**

SUNLIGHT

Outshines Old Sol!

★**SUNLIGHT.** H.T. (Meilland.) Plant Pat. 1576. A really fine yellow rose that's all gold in the open bloom, and a combination of Chinese yellow lightly washed with mandarin red in the opening bud. The plant is tall and well proportioned, and produces the blooms in abundance. Sometimes there are one to the stem, sometimes as many as three. Each flower has from 43 to 48 petals. Sunlight is also a vigorous grower and has fine foliage. There is a light but well-remembered fragrance in the flower. **$2.50 ea.; 3 or more, $2.20 ea.**

GARDEN PARTY

of Great Character

★**GARDEN PARTY.** H.T. (Swim.) Plant Pat. 1814. One of this year's All-America winners, Garden Party is a large, finely sculptured rose in a pastel combination of ivory, cream and apple-blossom-pink. Its 25 to 30 enormous flaring petals are very graceful. The blooms come in rapid succession on a tall, strong, vigorous plant. The bud like the blossom is beautiful, both being full and rich looking. Handsome foliage completes the picture of Garden Party . . . a rose you'll surely like. **$3 ea.; 3 or more, $2.65 ea.**

TORCH SONG

Red Hot and Sultry!

★**TORCH SONG.** H.T. (Meilland.) Plant Pat. 1760. The color of this good rose is very unusual—very exciting. A sort of smoky flame that seems to glow like embers. The rich vermilion bud opens to stunning blood-orange-red—a hard-to-miss color in the garden. There are many blooms on the bush, each with from 35 to 45 loosely curling petals. The bush is medium height and has good vigor. Long stems hold the flowers individually, which means good cutting. There's real vitality in this one—and much beauty! **$2.50 ea.; 3 or more, $2.20 ea.**

PEACE

Nothing else like it in the world— of roses!

★PEACE. H.T. (Meilland.) Plant Pat. 591. In the entire history of cultivated roses in America, no rose has equalled Peace in popularity and in sales. No rose has been more talked about. No rose has won more honors. For the reasons for this extraordinary record, we must look to the rose itself. Peace is exceptional in every way—size, dependability, beauty. Its enormous yellow blooms so fetchingly tinged with pink edging always arouse enthusiasm . . . its strong, rugged, dependable habit of growth and the rich quality of its foliage are unbeatable . . . its general character, both flower and plant, is that of the champion. With so much to commend Peace, is there any wonder at its high place in the world of roses? If you don't own this wonderful rose, you will do yourself a favor to order it now. Your pleasure in it will increase with the years. **$2.50 ea.; 3 or more, $2.20 ea.**

★CHRYSLER IMPERIAL

CHRYSLER IMPERIAL

Classy any way you look at it!

★CHRYSLER IMPERIAL. H.T. (Lammerts.) Plant Pat. 1167. Here is a distinguished red rose—an All-America winner—with many fine qualities and a splendid reputation. The blooms are enormous and substantial, with 40 to 50 great petals. Its form in bud and bloom is excellent. Its color is a wonderful rich red. The plant, a middle-height grower, is vigorous and sturdy, and produces the huge flowers one to a stem in fine cutting style. Fragrance, too, is a virtue of Chrysler Imperial—a strong, thoroughly pleasing and memorable perfume. Among all red roses, Chrysler's place is a secure one. Your garden deserves the beauty one or two of these plants can give it. **$2.50 ea.; 3 or more, $2.20 ea.**

Confidence

Hard to be happy without it!

★**CONFIDENCE.** H.T. (Meilland.) Plant Pat. 1192. Among the pastel-colored roses, none compares with the beautiful soft blendings of peach and pink which make Confidence so superb. This is real rose loveliness. Now—note the outstanding form of the high-centered bloom and the graceful flaring petals. Isn't this rose magnificence at its best? But that's not all! The plant, too, is in keeping with the bloom . . . tall growing, broad, upright, well proportioned. It produces those lovely flowers on stems good for cutting, and many a rose show entrant has hit the jackpot with Confidence blooms. Adding lustre to the beauty of the blooms is a kind of fragrance which you simply do not forget. You'll enjoy this one! **$2.50 ea.; 3 or more, $2.20 ea.**

LADY ELGIN

Rich—and easy to love!

★**LADY ELGIN.** H.T. (Meilland.) Plant Pat. 1469. Best of the orange roses—a red-gold kind of dazzler—Lady Elgin blazed a sunburst trail across the rose horizon only two or three years ago when it was introduced. And since then, its glittering beauty has continued to win and hold friends. The flowers, huge and handsome, are made up of 35 to 48 large, firm petals, and come on long stems like torches. Both bud and bloom are admirably formed. The sturdy bush grows tall, beautifully upright and with fine vigor. The foliage is lustrous, leaving nothing to be desired. One other thing, at least, is worth mention about Lady Elgin . . . its fragrance. This is not a dime-store kind of over-powering scent but a subtly pleasing, tastefully delicate perfume such as one might have to pay real money for! **$2.50 ea.; 3 or more, $2.20 ea.**

TIFFANY

Showcase Jewel!

★**TIFFANY.** H.T. (Lindquist.) Plant Pat. 1304. Anyone would be proud to exhibit this rose jewel in his garden showcase for the simple reason that it is exquisitely beautiful. More than that, it is a living bit of rose perfection in pink blended with pale gold. Tiffany's form in both the bud and blossom is all that it should be, too . . . graceful and elegant. Each of these fine flowers is made up of from 30 to 40 good-sized petals; and strong stems hold the profuse blooms. Tiffany's plant is a tall one, reaching 3 to 4 feet in height. It is loaded with good, green foliage which decks it out in grand style. Vigorous, too, it grows eagerly as though in a hurry to present to you its lovely flowers. This rose just had to be an All-America winner, a distinction it earned a few years ago, and to which it has been a credit ever since. If you are not yet acquainted with Tiffany, you are missing a ki..d of garden pleasure which should be yours. **$2.75 ea.; 3 or more, $2.40 ea.**

MOJAVE

Puts desert sunsets to shame!

★**MOJAVE.** H.T. (Swim.) Plant Pat. 1176. The flaming, coppery red richness of Mojave makes this one of the most highly colored roses imaginable. Aptly named, it flaunts fantastic desert beauty to delight the eye and stir the soul. The long, graceful bud and the fine, high-centered bloom are easy to look at, too—and in combination—the color and form leave little to the imagination where rose loveliness is concerned. Mojave's quality in every way is indicated by its winning of the All-America award. A part of this quality is the plant, which is a tall one with beautiful foliage and plenty of vigor. Thus, you have real beauty from ground to highest bud with Mojave. Even more, too, for this rose sports a kind of pleasant fragrance which goes well with its rich personality. You can guarantee yourself this . . . that with Mojave in your garden, there will be plenty of admiring glances cast its way—yours, your friends' and your neighbors'. **$2.75 ea.; 3 or more, $2.40 ea.**

SUTTER'S GOLD

Discover its wealth in your garden!

★**SUTTER'S GOLD.** H.T. (Swim.) Plant Pat. 885. Golden touched with flushes of copper, pink or vermilion—that's the beauty of this famous rose. Blooms come freely on straight, almost thornless stems. The bush is tall and well proportioned, its foliage being bright and glossy. It has fragrance also—rich and intense and pleasing. Every good rose garden is better still with Sutter's Gold. **$2.25 ea.; 3 or more, $2 ea.**

SUZON LOTTHE

Pearl-pink and Precious!

★**SUZON LOTTHE.** H.T. (Meilland.) Plant Pat. 934. This is a very big rose with from 55 to 90 petals . . . a distinctive kind of rose where form is concerned . . . a truly delightful rose for the pearl-pink sheen which makes it so beautiful. The plant is heavy caned, vigorous and disease resistant. Its strong stems bear the magnificent flowers easily. You won't be able to resist cutting these lovely blossoms, nor should you want to. Topping off this dream is a kind of fragrance that is simply marvelous! Worth serious consideration for planting this fall. **$2 ea.; 3 or more, $1.75 ea.**

THE ALAMO

As glorious as history!

★**THE ALAMO.** H.T. (Meilland.) Plant Pat. 1689. Glorious cardinal-red flowers last so long on the bush that they seem to be painted on! Each is a very double, big, deep red beauty with a surprisingly large number of durable petals—often more than 100! These solid blooms come freely on a compact, vigorous, bushy plant which has fine, abundant foliage, too. The velvet petals, the intense coloring, the amazingly rugged character of the plant—all make The Alamo a most unusual rose, something of a rarity which excites good garden talk. You'll have to try it to realize its exceptional qualities to the fullest. **$3.50 ea.; 3 or more, $3.10 ea.**

Gives Your Spirits a Lift!

★DR. DEBAT. H.T. (Meilland.) Plant Pat. 961. Big, 5 to 6-inch flowers in fine, clear pink lift the spirits of any gardener on sight! They're beautiful! 30 large petals to the bloom—and plenty of blooms to the plant. The strong canes of the tall, vigorous plant hold the flowers proudly. Hard to equal for size, color and form. Dr. Debat's flowers are real exhibition-type beauties which have taken many a prize at Rose Shows. **$2.25 ea.; 3 or more, $2 ea.**

LOWELL THOMAS

Still going strong!

★LOWELL THOMAS. H.T. (Mallerin.) Plant Pat. 595. Here's a fine yellow rose of solid quality and reputation—an All-America winner much admired for its rich, unfading color. The 4-inch blooms are nicely modeled. They come on a vigorous, upright, substantial plant which has strong stems to hold the bright flowers proudly. The Lowell Thomas color is deep, attractive and brightly cheerful—a kind of beauty which has made this rose popular and kept it so over the years. **$2.25 ea.; 3 or more, $2 ea.**

PRESIDENT EISENHOWER

V. I. Personality in Your Garden

★PRESIDENT EISENHOWER. H.T. (Hill.) Plant Pat. 1217. One of the nicest of the newer red roses. Richly attractive blooms of 35 to 40 velvet-textured petals come on sturdy, upright canes. Flowers are 5 inches across and are held singly on the stem. The color, a medium red, is rich, unfading and uniform. Its brilliance lasts long. The plant, not to be outdone in quality, bears the blossoms freely and continuously. It grows heavy caned and bushy, to a height of 2½ to 3 feet with few thorns and good, dark green, leathery foliage. There is still another virtue here . . . a strong, very sweet, old-rose fragrance that's easy to love. Certain to be a success in your garden. **$2.25 ea.; 3 or more, $2 ea.**

HELEN TRAUBEL

High note in garden beauty!

★**HELEN TRAUBEL.** H.T. (Swim.) Plant Pat. 1028. Noted for its lovely form and the sheer beauty of its pink and apricot coloring. There's an almost seashell-porcelain quality about it that makes it one of the loved roses. The 27 large petals form a big rose, and the vigorous plant produces many such flowers. Long canes hold them upright; the fine foliage enhances their beauty. Helen Traubel will surely become one of your special favorites if you give it the chance it deserves in your garden. **$2.75 ea.; 3 or more, $2.40 ea.**

★SYMPHONIE. H.T. (Meilland.) Plant Pat. 958. Large blooms in deep, lively, glowing pink distinguish this fine rose. They emerge from substantial buds. The blossoms, coming in succession, are 25 to 35 petaled. Curling outward nicely, the huge petals form a splendid flower which is the more intriguing because of its pleasing fragrance. The plant is big and sturdy. Symphonie is a Gold Medal winner in England and a favorite both here and abroad. **$2 ea.; 3 or more, $1.75 ea.**

★BLANCHE MALLERIN. H.T. (Mallerin.) Plant Pat. 594. One of the best-known white Hybrid Tea roses, Blanche Mallerin is noted for long, shapely buds and substantial blooms. The flower has from 35 to 40 petals, is beautifully high centered in form and opens in the most graceful manner imaginable. The bush provides the blooms in profusion, and coming one to the stem they make excellent cutting. The plant is sturdy, upright and reaches middle height. There is a pleasant perfume which you'll like. Without doubt, the best white rose at the price. **$2 ea.; 3 or more, $1.75 ea.**

★GRAND'MERE JENNY. H.T. (Meilland.) Plant Pat. 1148. The beauty of pink, peach and yellow tones blended into a rose of good form and character—that's Grand'mere Jenny, a seedling of the great Peace. The full open blossom emerges from a nicely shaped bud, is a good 4½ inches across and is composed of 25 to 30 very graceful, outcurling petals. The plant grows upright to medium height and provides fine blooms for cutting. Plenty of flowers, too. There is something very fetching in the pastel softness of Grand-'mere Jenny's lovely coloring. **$2 ea.; 3 or more, $1.75 ea.**

★NOCTURNE. H.T. (Swim.) Plant Pat. 713. This fine rose was the All-America winner of some years ago, and as such is, naturally, just as good a rose today. Its blooms are a deep, rich red of great beauty. Very large and well formed, they open from long, pointed buds. Nocturne's flowers hold their gorgeous color throughout the season, even during summer heat . . . and each of them provides the richest of rose fragrances. In keeping with all of its other good qualities, the plant, too, is an outstanding one. It grows tall and performs reliably anywhere. In every way, Nocturne is a rose well worth having and now is the time to consider it for fall planting and a fine start in next spring's garden. **$2.25 ea.; 3 or more, $2 ea.**

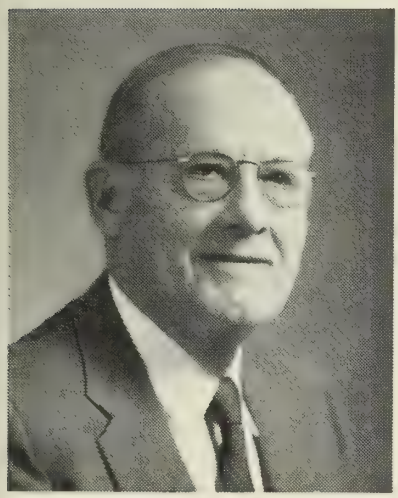
About the Kind of People Who Buy Star Roses



WEST GROVE, PENNSYLVANIA

Fall, 1960

Dear Friend:

While studying our records recently, I discovered what I think is a rather significant fact about our customers. I learned that the majority of them have at least one thing in common . . . a love for Quality. I base this on the fact that more than 70% of our customers buy from us more than once. The conclusion seems inescapable to me that they do so because they are happy with the quality of the plants we have for them. This, of course, makes me happy, too, as it does all of us here who take pride in providing fine roses for all who love them.

There is no greater satisfaction to me in the business world than knowing that our product is a good one, and that our customers appreciate it. When they show that appreciation by re-ordering from us over the years, I feel that our efforts to maintain high standards are, indeed, worthwhile. I am greatly heartened by the knowledge that the percentage of Star Rose repeat customers is so high. Naturally, we think it is desirable to do what we can to increase it.

Perhaps one way to do this—a beginning at least—is to offer you some truly helpful information . . . a tip—if you will—which, if followed, will give you better roses next summer and increased satisfaction. It is this: PLANT ROSES IN THE FALL. Both spring and fall are, of course, good times to plant roses—but fall planting has definite advantages; for instance, the ground is more mellow and workable—the weather is more dependable—the roses have an opportunity to establish themselves firmly and more quickly over winter by development of their feeder roots. The result in spring and summer is finer roses for you!

With best wishes for your garden pleasure, I am

Sincerely,

Star Roses

P. S. I wish to take this opportunity to bring to your attention the splendid new roses which appear in our catalog for the first time: Suspense (cover and p. 2), Vassar Centennial (p. 2), Fascinating (p. 3), Duet (p. 5), Pink Parfait (p. 22), Polka (p. 24), and Simone (back cover). I think you'll love them. Suspense has just won "The Most Beautiful Rose of France" Award for 1960; Duet and Pink Parfait are All-America Winners for 1961.

PLEASE NOTE: No plants are shipped between Dec. 10 and Jan. 2, due to possibility of delay during Christmas mail season.

NOTE ON HANDLING CHARGE

The 35c handling charge applies to each part of a total order if such part is to be shipped to a different address and if the part is for less than $10. However, if two different kinds of plants are ordered at the same time (Roses and Mums, for instance) but are not shipable at the same time, the handling charge is based on the average amount of the two orders. Example: $15 order for Roses and $5 order for Mums paid for at one time but shipped at different times. There is no handling charge for the Mums because the average order is $10.

FALL PLANTING

We recommend fall planting of Roses: in late October for northern states, from November until the ground freezes, farther south. In fall, the earth is mellow and right for planting. Put a mound of soil up around the stems after planting and the Roses will be ready to grow when spring comes.

MAIL-ORDER shipments will be made at proper time for planting in your locality. Dormant Roses can be planted until just before the ground freezes for the winter.

NOTE: Rose plants may be picked up at the nursery AFTER NOVEMBER 1, but not before that date.

Visit Star Roses and Our Garden Centers

West Grove is on U. S. Route 1, 35 miles from Philadelphia, Pa., 14 miles from Wilmington, Del., 65 miles from Baltimore, Md. The great fields of Roses are in full bloom from July to October, and Chrysanthemums from September to freezing weather. Visitors are welcome. Also, visit our Garden Centers.

GARDEN CENTER NO. 1: 1 mile off Route 1 at West Grove, Pa. Open every day, 10 A.M. to 4 P.M. (In spring, from 10 A.M. to 6 P.M. or later.) Come here for Rose plants **AFTER NOVEMBER 1.**

GARDEN CENTER NO. 2: On Route 1, 3 miles southwest of West Grove. Open only from late spring to mid-fall. 10 A.M. to 6 P.M. daily. Come here to leave advance orders and to see the fields in bloom.

FREE PLANTING GUIDE WITH EVERY ORDER!

Our new 16-page booklet is a helpful and simple guide to Rose planting and culture—a handy and practical aid that gives the answers you're looking for. It describes and pictures the 10 easy steps to successful Rose growing, from unpacking the Roses to enjoying them in your garden. Contains information on pruning, spraying, dusting. Also gives you facts about planting and growing perennials. WHY IT'S BEST TO BUY DIRECT FROM THE GROWER

When you buy direct from the grower, you receive "garden fresh" plants in perfect condition, and at the right time for planting in your locality. Naturally, such plants will do better for you and in the long run give you more for your money than those which have been handled by one or more middlemen, or which have not been well cared for.

FANTAN Different—Unusual—the Rose that's almost brown!

★**FANTAN.** H.T. (Meilland.) Plant Pat. 1913. One of the things that make life interesting is the different or unusual. Where roses are concerned, Fantan is so very out-of-the-ordinary that we make a special effort to bring it to the attention of the rose buff. Its color, for instance, is unlike anything yet seen in roses—a color which does not seem to be the same to any two people. This, of course, makes for interesting conversation when friends meet in the rose garden. Fantan to some people is a "Chinese coral," or "burnt orange," or "tan." It surely has an exotic tropical or sub-tropical kind of beauty which, in the actual rose, is enhanced by a rosy glow. As for other qualities, Fantan is nicely endowed. The form is cupped, the blooms being made up of from 40 to 50 petals. Flowers are 3½ inches across, and come plentifully on the vigorous, shapely bush. There is a very pleasant fragrance, too. Fantan has already made many firm friends among people who like unusual things. Perhaps you will enjoy this most interesting rose yourself. **$3 ea.; 3 or more, $2.65 ea.**

★LOVE SONG ©

Love Song Big—Bouncy—Beautiful Bi-Color!

★**LOVE SONG.** H.T. (Fisher.) Plant Pat. 1360. Wonderful watermelon-pink on one side of the petals, shining yellow on the other—that's Love Song, the brilliantly gay bi-color rose that's such a big hit in America's gardens. This is a very double rose which often has 100 or more petals, and you can imagine how big the full-blown bloom is! The vigorous, sturdy bush produces these beautiful buds and blooms freely. Adding to Love Song's total beauty is fine, waxy foliage which decks out the bush in grand style. With all this it seems to be almost too much to ask for fragrance . . . but that's what you get with this one. **$2.50 ea.; 3 or more, $2.20 ea.**

★**CRIMSON GLORY.** H.T. A very fine deep crimson rose with a splendid reputation and a long record of giving satisfaction and pleasure. Its form, color and fragrance are all delightful; and since the plant blooms freely, you always have plenty of these fine flowers. The bush is low growing, which is a good reason for planting it in the front row for all to see. Like the others listed here, Crimson Glory is one of the finer roses of a few years ago—a favorite and a beauty which has earned its place by giving a dependable performance over the years. Among the older red roses, Crimson Glory is truly the best choice. **$1.75 ea.; 3 or more, $1.55 ea.**

STAR ROSES
THE CONARD-PYLE CO.
West Grove, Pa.

★**MME. COCHET-COCHET.** H.T. Salmon-pink beauty known in Europe and in America—and loved—for its fine color and form. The flowers have a honey-like fragrance that everybody seems to like. The bush is free blooming, grows tall and has good foliage. Another nice thing is the bud . . . entrancing in coppery pink, and opening into the lighter, brighter colors seen in the illustration. Mme. Cochet-Cochet is a winner of the famous Bagatelle Gold Medal, one of the top awards given in France where this fine rose originated. **$1.75 ea.; 3 or more, $1.55 ea.**

★**ECLIPSE.** H.T. You've heard about "classic" roses—the especially fine ones that hold their popularity and their high place in the estimation of people who know roses year after year after year. This is the "classic" yellow rose—Eclipse, the pure gold rose noted for its wonderfully long, tapering buds. It is the most streamlined bud there is, and its promise of fine bloom is fulfilled when it opens to the large, bright, semi-double flower. Flowers like this brilliant, uniformly colored beauty come in great profusion on the vigorous plant. You can imagine their splendor, their eye-catching loveliness, when the season is at its best. Winning and holding many a friend, Eclipse will, perhaps, find a friend in you. **$1.75 ea.; 3 or more, $1.55 ea.**

★**DUQUESA DE PENARANDA.** H.T. Here's a copper-apricot or deep peach rose with a good deal of charm for many people. The plant bears the fine blooms freely. It grows handsomely upright in a nice ornamental way. Fine color, good substantial flowers and excellent growth habits make Duquesa de Penaranda a notably satisfying rose. It well deserves its place in our collection of the better, older favorites. **$1.50 ea.; 3 or more, $1.30 ea.**

Best of the Earlier Favorites

★TALISMAN

© ★MME. HENRI GUILLOT

★TALISMAN. H.T. Very colorful rich rose and orange combination that's the essence of garden gaiety. Its old-time appeal is still strong for many people, so we still carry it. A bit floppy in the heat of summer but otherwise a good rose. Try it! **$1.50 ea.; 3 or more, $1.30 ea.**

★ANGELS MATEU. H.T. Distinguished by a lively orangey rose color, shapely bud and bloom and old-fashioned fragrance, this is a very good older favorite worth your consideration. The plant is vigorous and has good foliage. Worthwhile in every way, it's certain to please you. **$1.75 ea.; 3 or more, $1.55 ea.**

★BETTY UPRICHARD. H.T. Another rose always in demand is this pearl-pink beauty with the big blooms and the long, pointed buds. You'll enjoy its spicy perfume and its general all-round character. Betty Uprichard is an excellent value that will give you a good deal of garden pleasure. **$1.50 ea.; 3 or more, $1.30 ea.**

★CHARLOTTE ARMSTRONG. H.T. One of the earlier All-America winners—a fine rose noted for exceptionally long, slender buds and well-formed open blooms of fascinating rose-red. Vigorous plant produces lots of flowers and holds them up on long stems for ideal cutting. Truly a must for both the beginning gardener and the experienced. Try at least one this season. You won't regret it. **$2 ea.; 3 or more, $1.75 ea.**

★MME. HENRI GUILLOT. H.T. Don't worry about pronouncing the name. Just enjoy its lovely color, its enticing fragrance, its rich, glossy foliage. A rose-flame beauty that changes in the open flower to deep watermelon-pink. **$1.75 ea.; 3 or more, $1.55 ea.**

★ETOILE DE HOLLANDE. H.T. Colorful crimson beauty with excellent bud and bloom form, long cutting stems and a rich perfume. Outstanding dependability. Very well known and liked over the years and a fine addition to any rose garden. **$1.50 ea.; 3 or more, $1.30 ea.**

★KAISERIN A. VIKTORIA. H.T. Another "classic"—this time in white, a sort of cream-white with pale lemon center. Very fetching. The buds are long and shapely. A fine rose with old-time appeal and a delightful scent, both of which you can still enjoy today. Plenty of people ask for this one every season. **$1.50 ea.; 3 or more, $1.30 ea.**

★PENNSYLVANIAN. H.T. (Ohlhus.) Plant Pat. 936. If you've missed this one so far, make up for it in a hurry this fall. It's good, but often overlooked. Big apricot-orange blooms, long, pointed buds, delightful fragrance. Upright, vigorous grower. Many flowers. Truly superb in spring and fall especially. **$2 ea.; 3 or more, $1.75 ea.**

★MRS. P. S. DU PONT. H.T. Golden yellow with well-formed buds and nice, fragrant flowers. Plenty of them on the bushy plant. A charming rose with beauty and richness that you will appreciate. Easily one of the better and most satisfying of the older yellow roses. **$1.50 ea.; 3 or more, $1.30 ea.**

Our Popular BAKER'S

13 ROSES—ALL IN COLOR ON

Substantial savings are yours when you buy our popular Star Rose Baker's Dozen . . . 13 fine, 2-year-old, field-grown, No. 1 Grade Star Quality Roses. You pay for 12 roses—the 13th is FREE! Each is a famous-name rose which is accurately pictured and described here. Each is labeled and tagged with our Star Rose identification and guarantee. You get a whole garden of roses—hundreds and hundreds of beautiful blooms to cut for your home . . . far, far more than you'd ever be likely to buy from a florist at cut-flower prices. All you need is 30 square feet of space—not a great deal—to have room for the Baker's Dozen. Plant them together or spot them separately just where you want them. You'll love your Baker's Dozen Star Rose Garden. Try it and see!

★**SHOW GIRL.** H.T. Plant Pat. 646. A really fine luminous, dark pink rose with much appeal. Its wonderful, long, shapely bud opens to exhibition-type bloom. For years this rose has been a prize winner at rose shows, one reason being the long stems which hold the splendid blooms with such distinction. Excellent for cutting, of course. It does well everywhere, performing in dependable style and giving immense satisfaction and garden pleasure. Show Girl just doesn't wear out its popularity. **$2.25 ea.; 3 or more, $2 ea.**

★**TEXAS CENTENNIAL.** H.T. The brilliant red coloring of this one turns to glowing salmon-pink in the fully open bloom. The plentiful flowers come on strong, upright stems. Even the plant adds its touch of beauty, being tall and nicely formed. Like so many of the older roses, Texas Centennial performs reliably and well. You'll enjoy the beautiful flowers and without doubt will cut many for your home. **$1.50 ea.; 3 or more, $1.30 ea.**

★**PRESIDENT HERBERT HOOVER.** H.T. Much loved for its delightful combination of scarlet, yellow, cerise and flame colors, and for its very reliable performance. The blooms are large, and the fragrance is delightful. The plant carries them on erect stems high and handsomely, the effect being to catch the eye and hold it, for the plant is tall and the blossoms highly colorful. Many people rely on this one year after year for the gaiety of its flowers. **$1.50 ea.; 3 or more, $1.30 ea.**

★**CHRISTOPHER STONE.** H.T. A look at the right-hand page will give you an idea of the loveliness of this fine older rose; but it is only a picture, and no substitute for the beauty of the living rose. Christopher Stone's rich scarlet-crimson becomes in the fall a very deep red. The flowers are good sized and they come continuously on the plant, each bloom made the more fascinating by the quality of its fine perfume. It's another "old dependable" that can be counted on to give you great satisfaction. **$1.50 ea.; 3 or more, $1.30 ea.**

They come in clusters on the vigorous plant, and you can imagine how delightful the many 60-petaled flowers look in this rich, tawny color. Good News also has fine fragrance—a virtue which with its other qualities makes this rose a consistently popular one over the years. ★SOEUR THERESE. H.T. A very lovely buttercup-yellow rose with beautiful form. These vivid beauties come on sturdy canes in whole candelabras of bloom, giving you a wealth of brightness and great satisfaction. Soeur Therese is one of the best older yellows and can be depended upon to perform well and give you many fine flowers for years to come. It's surprising how many people still ask for this old favorite—so it must be good! **$1.50 ea.; 3 or more, $1.30 ea.**

★CONDESA DE SASTAGO. H.T. There's something brightly gay and dashing about this rose. The picture below does not measure up to the beauty of the original, but you will get an idea of the rose's sprightliness if you imagine the bright yellow and rosy scarlet colors as they appear in the opening flower. Very attractive! The plant produces these flowers in generous profusion, each of them made more enticing still by the sweet fragrance. Condesa de Sastago grows vigorously and is a fine, healthy plant that's dependable in every way. **$1.50 ea.; 3 or more, $1.30 ea.**

★RADIANCE. H.T. This is the cameo-pink rose which has for so many years ranked high with people who know and love fine roses. It has much to recommend it, beginning with its very appealing pink tones which always are delightful, and ending with its outstanding plant. There are many blooms, and each of them is a big, firm, cupped beauty of real substance and charm. Each flower is also deliciously fragrant. Thus with lovely form, lovely coloring, inviting perfume, you need only vigor of plant to have a fine, all-round rose. Radiance fills that bill, too, in good measure to give you an eminently satisfactory rose from one end to the other. Why not join the thousands who know and love Radiance first-hand? You'll enjoy it. **$1.50 ea.; 3 or more, $1.30 ea.**

Pink Parfait

All-America for 1961

★**PINK PARFAIT.** (Swim.) Plant Pat. 1904. Something new and wonderful has been added to our list of Grandiflora roses this fall in the stunning Pink Parfait. Note the lovely blending of soft pastel pink tints, the petite buds, the fine form of the open flower. The buds, which are perfectly formed, range in color from pale dawn-pink to rich apple-blossom-pink. The heart of the opening flower often shows a distinct ivory-pink. The open flower changes with the weather, its color varying through a variety of delicate pink shades to a rich rosy pink at the petal tips. Every flower is a graceful, high-centered bloom with 20 to 25 long-lasting petals. It comes on a fine stem, and provides a pleasant fragrance. In the marvelous Grandiflora way, blooms are produced in enormous quantities, one crop following another. The mature plant will often have 100 or more buds on it at the same time. Pink Parfait grows vigorously, is neat and compact, and has handsome foliage. A splendid new rose! **$3.50 ea.; 3 or more, $3.10 ea.**

★QUEEN ELIZABETH. (Lammerts.) Plant Pat. 1259. The first All-America Grandiflora! Beautifully clear pink blooms come in candelabras on 6 to 12-inch stems. Vigorous plant provides them plentifully. Grows to 4 feet and has excellent foliage. Wonderfully formed flowers. They are fine for cutting and you'll do just that with this one! **$2.50 ea.; 3 or more, $2.20 ea.**

★CARROUSEL. Plant Pat. 1066. Rich, vibrant, deep garnet-red color makes fine contrast with other Grandiflora colors. The flowers are big and come individually as well as in candelabras. Many of them on the 3-foot plant. Bush is fine and solid-looking. **$2 ea.; 3 or more, $1.75 ea.**

★STARFIRE. (Lammerts.) Plant Pat. 1742. A currant-red beauty that won the All-America award last year. Don't judge it by the rather poor picture. It grows tall and is loaded with wonderfully bright blooms that come in clusters as well as singly on the stem. Glossy, bronze-green foliage. Flowers keep their dazzling color all season. **$3 ea.; 3 or more, $2.65 ea.**

★POLKA

Star Everblooming Floribundas are a very satisfactory kind of flower, giving you loads and loads of colorful blooms all during the season. Blooms are smaller than those of the Hybrid Tea, but they come more plentifully and provide masses of color. They are perfect for low hedges, or for massed plantings where you want to create high color effects. Of course, anywhere you put them you will have rose beauty and the most unusual colors. Look at Polka, for example . . . isn't this new rose one of the most delightful you ever saw?

★POLKA. (Meilland.) Plant Pat. 1939. Wonderful rich pink beauty with blooms that are larger than other Floribundas—3 to 3½ inches across. No other Floribunda has this color, and you can imagine how glorious the plant is covered with many, many of these 40 to 45-petaled beauties. They come in clusters, each flower high centered and double. Polka reblooms easily—always has flowers. The plant is broad, strong growing and compact. Polka even provides a pleasant, old Tea-rose kind of fragrance which makes this fine newcomer more desirable still. **$2.50 ea.; 3 or more, $2.20 ea.; 25 or more, $2 ea.**

★GOLD CUP. Plant Pat. 1683. Unfading yellow All-America winner with clusters of nicely formed, 3-inch flowers. The plant is vigorous and grows to 2½ feet in nice style. It sends up strong basal shoots, renewing itself easily. Among Gold Cup's virtues is a kind of fragrance which makes the lovely flowers lovelier still. A fine rose in every way. **$2 ea.; 3 or more, $1.75 ea.; 25 or more, $1.60 ea.**

★LAVENDER GIRL. (Meilland.) Plant Pat. 1672. Exceptional! The gorgeous, rich-toned lavender rose that holds its wonderful color even in the strong heat of summer! Opens from a ruby-red bud to the loveliest of rich lavenders. The plant is low and bushy, growing to 2 feet. It is compact and substantial, with blooms of 35 to 42 heavy-textured petals. The 3½-inch flower opens to a full and almost flat form in a magnificent display of its beautiful color. It's an excellent cutting rose because of the good bud and flower form, the longish stems and the fine fragrance. Since we introduced Lavender Girl several years ago, people who are partial to the excitement of the unusual have taken this one to their hearts! **$5 ea.; 3 or more, $4.25 ea.**

★**IRENE OF DENMARK.** Plant Pat. 889. Clear, frosty white rose with fine reputation for giving satisfaction. Many of these delightful flowers come on the vigorous, hardy, graceful plant. The flower is fragrant, about 3 inches across and has 40 petals. Foliage is dark. Plant grows upright and is nicely bushy. **$1.75 ea.; 3 or more, $1.55 ea.; 25 or more, $1.40 ea.**

★**FLORADORA.** An All-America winner of a few years back whose geranium-red beauty keeps it in demand today. Flowers of 50 petals come on an upright, 3-foot plant. They come plentifully and they last long. This is a very good, all-round, quality rose that will give you back your money's worth many times over. **$1.50 ea.; 3 or more, $1.30 ea.; 25 or more, $1.20 ea.**

★**FRENSHAM.** Fine, deep crimson color is beautifully exhibited in the nicely formed bud and bloom. The vigorous plant provides a continuous supply of flowers. It grows well anywhere, reaching 3 feet in height. Makes a good, bushy appearance. Frensham is a winner of the Gold Medal of the American Rose Society. **$1.75 ea.; 3 or more, $1.55 ea.; 25 or more, $1.40 ea.**

★**PINOCCHIO.** "Sweetheart" type in form, with lovely pink blooms of 30 petals. The bush is always bearing them, and you always have plenty of nice, clear-toned flowers. Pinocchio grows low—2 feet approximately—and is thus a fine rose for the front row or for borders. A favorite with a great many people. **$1.75 ea.; 3 or more, $1.55 ea.; 25 or more, $1.40 ea.**

SARABANDE

All-America Winner for 1960

★**SARABANDE.** (Meilland.) Plant Pat. 1761. Here's the blazing beauty that has won so many of the world's top rose awards! Its wonderful, iridescent orient-red is even and clear all through, and catches and holds the eye irresistibly. The bright yellow stamens add to its attraction power, making the most striking and beautiful color contrast with the lively orange-red. Sarabande's flowers are semi-double and rather large for a Floribunda. There are from 12 to 15 petals to the flower and many, many flowers to the bush. They come in clusters, blooming early and lasting long. The nice bush grows low, compactly, vigorously, and its foliage is very dense. Makes a dandy hedge. Try this bright beauty this year—you'll love it always. **$2.50 ea.; 3 or more, $2.20 ea.; 25 or more, $2 ea.**

★FUSILIER. Plant Pat. 1709. This is the bright orange-red that won an All-America award in 1958. It is unusual not only for the eye-catching color but also for the interesting frilled edges of the petals. The flowers are from 3 to 3½ inches across and come in clusters which make the bush one glowing mass of color. The plant grows to middle height and is full, bushy, good looking. Fusilier's charm is something which must be seen to be fully appreciated. It lies in the luminescent quality of the orange-red color and in the ruffled effect of the petal edges. These give it a distinction and beauty which are out of the ordinary. **$2.50 ea.; 3 or more, $2.20 ea.; 25 or more, $2 ea.**

★FASHION. Plant Pat. 789. There are a number of reasons why this fine rose has achieved so great a reputation for itself since it became an All-America winner a few years ago. All of them together make it an outstanding and immensely popular rose. Its beauty is that of fine coral-peach coloring—plus excellent form, which in combination are well nigh irresistible. This attractiveness is further increased by the plant itself, which has rich foliage and a fine manner of growing. Very vigorous, it produces many buds and blossoms which you will have early in the season and late, as well as in between. Fashion grows to 3 feet in height. When planted in a group of half a dozen or more, you get a richly effective garden setting which will give you a great deal of pleasure year after year. **$2 ea.; 3 or more, $1.75 ea.; 25 or more, $1.60 ea.**

★VOGUE. Plant Pat. 926. Soft coral-red makes this one a most attractive rose which is always in demand, and with good reason . . . it has great appeal to one's sense of the beautiful! Buds and blooms are very shapely. They come in masses on the plant, which is a vigorous one. In addition to the beauty of color, the blooms are fragrant, making Vogue very fine, indeed! **$2 ea.; 3 or more, $1.75 ea.; 25 or more, $1.60 ea.**

★RED FAVORITE. Plant Pat. 1189. Very deep red with long-lasting blooms and plenty of them. Sturdy, vigorous bush. Dark, leathery foliage. Lightly fragrant blooms. A fine rose of beauty and character. **$1.75 ea.; 3 or more, $1.55 ea.; 25 or more, $1.40 ea.**

★SPARTAN. Plant Pat. 1357. Beautiful coral blooms open from rosy scarlet buds. 3 to 3½-inch flowers are excellently formed and they come in clusters all season long on a strong, vigorous plant. Fragrance, too! **$2.50 ea.; 3 or more, $2.20 ea.; 25 or more, $2 ea.**

★SUMATRA. Plant Pat. 1572. Signal-red blooms come in profusion on a fine plant of middle height. The flower is large and colorful and brightly beautiful. Good green foliage; fine growth habits. **$2 ea.; 3 or more, $1.75 ea.; 25 or more, $1.60 ea.**

© ★GOLDILOCKS

★GOLDILOCKS. Plant Pat. 672. This is one of the better, older yellow Floribunda roses. Fine, 3-inch flowers of bright, solid gold. These come continuously on a bushy, 2½-foot plant—you really get plenty of them. The plant looks massive with all those flowers, and the good, dense foliage helps to make it so. Goldilocks brightens any spot you put it in. **$1.75 ea.; 3 or more, $1.55 ea.; 25 or more, $1.40 ea.**

★IVORY FASHION. Plant Pat. 1688. An All-America winner for 1959 with long, slender buds that open to 4-inch flowers. Each cane bears from 5 to 10 of them. Fine ivory-white color with a show of golden stamens when fully open makes Ivory Fashion a most attractive rose. The plant grows to 2½ feet and has plenty of dark green foliage. The Tea-rose fragrance which the rose has in good strength adds much to its charm. In every way, Ivory Fashion is very worthwhile—a fine accent color for other roses. **$2.50 ea.; 3 or more, $2.20 ea.; 25 or more, $2 ea.**

ALL STAR ROSES ARE EVERBLOOMING

Curtains of Color with STAR

Prolific producers of fine blooms, Star Everblooming Climbing Roses are one of the most rewarding and worthwhile of all plants at the price! During their long life, they'll give you thousands of flowers. They are very versatile plants, too. You can use them to hide unsightly places, giving you beauty where there was none before. You can grow them on trellises, fences or walls, against buildings or porch supports, on driveway lamp posts—in fact, anywhere there's a support for them. You'll get most bloom from them if you remove spent flowers. Never prune away first-year canes because Climbers produce flowers on old wood. Prune only to remove dead wood or to keep in bounds. Choose from these fine varieties and enjoy many years of garden pleasure as well as having a wonderful source of cut flowers for your home.

★BLOSSOMTIME. (Everblooming.) Plant Pat. 1240. Never out of bloom, this strong-growing pink beauty is as fresh looking as spring itself. A profusion of beautifully formed, substantial blossoms is yours to enjoy—and each of them is nicely fragrant! The plant is hardy and needs little care. Its foliage adds to the beauty of the flowers. **$2.50 ea.; 3 or more, $2.20 ea.**

★CL. PEACE. (Repeat Blooming.) Plant Pat. 932. The same magnificent yellow, pink-tinged bloom as the Hybrid Tea, growing as a Climber. Very strong grower. Very long, strong canes. Produces more and more flowers as it grows older. Be sure to give it plenty of room. **$2.50 ea.; 3 or more, $2.20 ea.**

★RED EMPRESS. (Everblooming.) Plant Pat. 1573. Huge, Hybrid Tea-like flowers in rich, lively red come in great quantity on this strong plant. Blooms are intensely fragrant and stems are long. You'll cut these flowers. Has long canes and fine foliage. A mighty good, attractive Climber. **$2.50 ea.; 3 or more, $2.20 ea.**

FLOWERS GALORE
with every Star Climber

★IMPROVED BLAZE. (Repeat Blooming.) Masses of bright red bloom in June—another great show in fall—and in between, always some flowers. Famous everywhere. Hardy, vigorous bush sends up long, pliant canes which are easily trained. One of the most colorful of Climbing Roses, and one of the most popular. **$1.50 ea.; 3 or more, $1.30 ea.**

★PAUL'S SCARLET CLIMBER. Unfading scarlet blooms come in blazing clusters which load the plant with color in June. Even the dullest garden spot comes to life when Paul's Scarlet is in flower. Very well known, very well liked and appreciated over the years. **$1.50 ea.; 3 or more, $1.30 ea.**

★SPECTACULAR. (Everblooming.) Plant Pat. 1416. Bright orange-red blooms open from scarlet buds, making a very vivid display. 10-foot canes loaded with glossy foliage and with 3 to 4 blooms to the stem really decorate the landscape. Try Spectacular on a trellis and see for yourself. **$2.50 ea.; 3 or more, $2.20 ea.**

★WHITE DAWN. (Repeat Blooming.) Without doubt, the best white Climber. It's strong and vigorous and delivers plenty of fine white flowers in late spring and again in fall. You can depend on it for good performance, and of course, as a dandy accent color for other roses. **$1.75 ea.; 3 or more, $1.55 ea.**

★NEW DAWN (Everblooming Dr. Van Fleet.) Blush-pink roses that are loveliness itself, and which are sweetly fragrant in the bargain. Long, 12 to 15-foot canes cover a large area quickly. The flowers make good cutting, and you'll be able to have them in the house most of the long season. Very popular and very good. **$1.75 ea.; 3 or more, $1.55 ea.**

★GLADIATOR. (Everblooming.) Plant Pat. 1524. Bright red, double blooms that are big and beautiful come on tall canes all season long. Substantial plant and good foliage. Outstanding vigor. All this and fine fragrance, too, are what you get in this newer Climbing Rose . . . a big seller since its introduction several years ago. **$2.75 ea.; 3 or more, $2.40 ea.**

THE FABULOUS FAIRY . . . Shrub Rose that's ALWAYS IN FLOWER!

★THE FAIRY. (Everblooming Shrub Rose.) Here's the answer to your need for an absolutely foolproof shrub rose that has every good quality and no bad ones! Plant it alone and you have a beautiful, 4-foot shrub which bears hundreds of appealing seashell-pink flowers. Plant The Fairy in a row and you have a splendid, colorful hedge. The Fairy grows vigorously and will be just about as broad as it is high. Its foliage is shiny, small and beautifully green, adding an ornamental quality to its appearance. The lovely pink flowers come on the bush in great numbers, and they are there FROM SPRING TO FROST! With most shrub or hedge roses, you know, the bloom comes in May or in June—and that is all! The Fairy is unusual in another way, too . . . it is so vigorous and so hardy that it will flourish anywhere, even in semi-shade. And listen to this! The Fairy needs no special soil preparation and YOU NEVER HAVE TO SPRAY IT! The picture gives you another view of The Fairy's quality . . . the delightful, little flowers make dandy bouquets. You can cut all you want and still leave plenty on the bush. Consider how you might use this unique rose on your place. Do you need a planting along your property line? Do it beautifully with The Fairy! Do you want an unusual planting at the terrace or patio edge? Or around the pool? Do it beautifully with The Fairy! Remember—this exciting plant needs no spraying, no special soil preparation, no attention at all. The Fairy is truly "out of this world!" **$1.75 ea.; 3 or more, $1.55 ea.; 25 or more, $1.40 ea.**

SIMONE
. . . . the Intriguing NEW Lavender Rose

★**SIMONE.** H.T. (Mallerin.) Plant Pat. 1847. Here is the new French rose that personifies charm—the rose whose wonderful color says "Orchids to you!" When you first see this lovely rose with its tremendous 6-inch blossoms and its cool, clear, orchid-like color, you are likely to think either of exotic jungles or of a Paris salon at the height of the season. In either case, Simone would be at home. Truly surprising, Simone is a very solid bargain in beauty . . . exquisite coloring in the Large Economy Package! There are 50 to 65 large, substantial petals that shine with life; and these form an immense, double, high-centered, lightly fragrant bloom which finally curls outward in an almost voluptuous display of pastel lilac beauty. Such magnificent flowers come singly on the long stem; sometimes more than one. With such size and weight, especially when heavy with raindrops, Simone's beautiful, proud head will occasionally bow a little in humility—even though the stem is strong. But—the more fetching she is! Simone grows to middle height and has glossy foliage and a fine, bushy habit. No other rose has its clear, lilac beauty! Unique! **$3 ea.; 3 or more, $2.65 ea.**
